RARE LIMITED EDITIONS

BY GOVINDER NAZRAN

GOVINDER NAZRAN

Once in a lifetime an artist emerges who is so extraordinary that the landscape of contemporary art is altered forever. The late, great Govinder Nazran was one such artist.

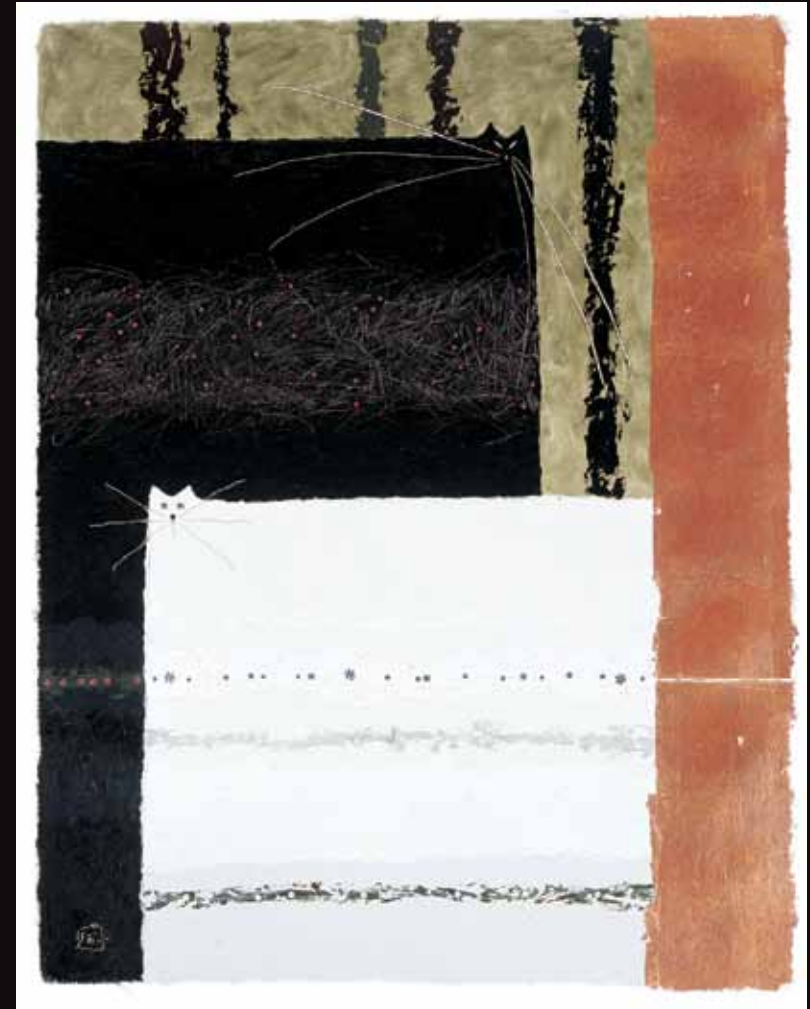

It is with great pride that Washington Green present 'Legacy' – a collection of rare limited edition pieces by the inimitable Govinder Nazran. This collection is released in conjunction with the official launch of 'Legacy, The Work 1999-2008', a limited edition catalogue raisonné encompassing all of Govinder's published works until his life was tragically cut short in 2008.

Charming, moving and intellectually funny, these pieces pay a perfect tribute to Govinder's indisputable talent for brightening up the dullest day or greyest spirit with the incandescence of his imagination and present an incredible opportunity for Govinder fans and collectors alike to add to their collections.
